When Tom Slaughter, the owner of Tornado's Grub and Pub opened his business, he had a vision of a dilapidated building with a car sticking out of one side, a boat sticking out of the other, and perhaps even a broken telephone pole sticking out of somewhere else. In all, a building that looked like it had been through a tornado. When you went inside, you could enjoy the best line-up of Burgers in 10 states. Being fashioned after the Fujita Scale (the scale used to gauge the intensity of a tornado), the F-5 Wet one is the premium offering, with all the fixin's and the F-1 is the basic burger made the way you like it. Every

Burger at Tornado's Grub and Pub is sure to "blow you away"!

Tom, being a professional Foosball player, originally was also looking for a location to host Foosball Tournaments. Since then the place has taken on a life of it's own as an Original Music Venue, with Artists coming to perform from as far away as Los Angeles California, New York City, Europe and the far reaches of Asia.

Tom and his lovely wife of 24 years, Bobbie are currently at the reins, with the help of their children, sons Nathan and Thomas and daughters Elise and Emily.

The Slaughter family hopes you enjoy your visit to Tornado's Grub and Pub  
As much as they've enjoyed you being here!
